

What are the Lepage awards?

This program of recognition aims at highlighting your outstanding efforts, appreciating your hard work and rewarding your loyalty towards Lepage. It's also a friendly competition within our dealer network to take place every year from January to December.

Each recipient will receive a hand-made trophy or a framed hockey jersey with their logo, displayed in a custom mahogany frame hand-made by our artisans. This award could definitely be a nice addition to your showroom!

DIVISION STARS

Like any competition, we will celebrate the best performers year by year by selecting the Three Stars of the Year based on sales volumes per territory: Quebec, Ontario and the United States.

ROOKIE OF THE YEAR

The dealer who has had, in all territories, the best sales volume in its first year as a Lepage Dealer.

MOST IMPROVED PLAYER

The dealer who has seen, in each territory, the best improvement in sales volume in dollars from previous year to current year. There will be one for each territory.

ALPHONSE LEPAGE AWARD (STAFF FAVORITE)

Our staff will vote for their favorite dealer to work with, by territory, based on our corporate values, as well as the quality of information received, and partnership feel with the dealer.

GUY BONNEVILLE AWARD

The dealer who has consistently shown the highest level of teamwork with Lepage Millwork throughout the year, by territory, while achieving excellent results in terms of sales, ownership of after-sales service and excellent relationships with their clients.

BEST PROJECTS OF THE YEAR ALL TERRITORIES

There will be two awards in this category:
Project whose value is less than 300,000\$ NET.
Project whose value is more than 300,000\$ NET.

A nice hand-crafted trophy will be presented to the recipients in these two award categories.

To participate, the dealer will have to complete a questionnaire describing the project and send photos by email at communications@lepagemillwork.com mentioning the projet's number. The application will then be submitted for evaluation by a panel of judges chosen by Lepage Millwork.
